

# CANADIAN PRECAST CONCRETE QUALITY ASSURANCE (CPCQA) CERTIFICATION PROGRAM

## SCHEDULE A

Page 1 of 2

THIS SCHEDULE lists the precast concrete products of

***S3 Precast / Tanks-A-Lot  
#100-53251, RR232  
Sherwood Park, Alberta  
T8A 4V2***

That have been found to comply with the **Canadian Precast Concrete Quality Assurance (CPCQA) Certification Program, (Ver.1.2, October 2019)** with respect to the precast concrete products on the subsequent pages of this schedule.

This plant and manufactured products are subject to periodic inspection and testing by the Accredited Certification Organization, (ACO) of the CPCQA Program. Failure on the part of **S3 Precast / Tanks-A-Lot** to maintain the required quality control or comply with all prequalification requirements or failure of the product manufactured at the said plant to comply with the standard specifications may, at the discretion of the CPCQA Quality Assurance Council, (QAC) result in revision of this plant's Program compliance with respect to any or all precast products listed in this schedule.

The CPCQA does not represent that all product of the type referred to herein made by the Certificate Holder will meet the required standards, only that the Certificate Holder can make compliant product. It is the responsibility of the Contractors or others who acquire product made by the Certificate Holder to ensure that such product meets requirements satisfactory for its use.

Except as provided for above, this Schedule is valid to **January 31, 2022** for the following products:

# CANADIAN PRECAST CONCRETE QUALITY ASSURANCE (CPCQA) CERTIFICATION PROGRAM
